

Rec Committee Meeting Notes  
July 7, 2021  
Present: Megan Suokko and Karen Niemela

### **Agenda**

Ballfield  
Upcoming Events  
Final comments

The baseball field is uneven and needs to be dug out about 3 inches. Karen and Caleb have met with the person who manages the Bennington field. He said he will come out and advise us on the field. He will let us know what materials and what equipment is needed to make the field usable.

Once we have the materials, we will put together a sign-up email for volunteers to help dig out and grade the field. We are hoping this will be tidied up by mid-November. WE WANT TO HAVE AN OPERABLE FIELD FOR 2022 SEASON!

### Upcoming events

We want to have a Touch a Truck event in 2022  
We are hoping for the beginning of June- soon after Memorial Day  
Karen has reached out to some food vendors and they seem very responsive. There is usually no fee associated in securing the trucks, oftentimes, the vendor pays the event team.  
If we have no charge for food vendors, we would probably have an outstanding turnout.

### Halloween

We would like to participate in some capacity for the DCS parade route. We may just have a tent and hand out goodie bags with information about upcoming events for the rec committee as well as a possible craft and of course some candy.

We also want to decorate a trunk for the Trunk or Treat held at DCS. The theme of our trunk will be decided in August.

### Tree Lighting

Decide on a date in early fall  
We are hoping to keep it simple, carols, cookies, cocoa, and a special guest in a Red Suit.
