

Recycling committee minutes  
July 16, 2020; 6 pm via zoom

Present: Leslie Whone, Meredith Martin, Jane Holmes, Tom Kennedy  
Absent: Joe Carignan, Rick Macmillan, Sheila Morse

We discussed the recent increase in dumpster trash. Tom is needing to empty it twice as often. He has found bags full of construction debris , yard waste , and recyclables. Leslie visited the Marlborough transfer station, because they require clear bags for trash. This allows staff to see what's going in the dumpster. Should Dublin institute such a policy? We'll draft a "letter to the town" explaining the rationale and run it by Select Board.

We also discussed replacing the rotting storage trailers and where to locate new ones. Finally, we talked about ways to get the Swap Shop functioning. Leslie will contact volunteers for ideas

Meredith will contact a family in town that supports a refugee project to see if there's a way to recycle household goods.

Meeting adjourned 6:55

Next meeting August 13, 2020; 6 pm, location to be determined

Respectfully submitted,  
Jane Holmes
