3. **Police Detail Ordinance proposal**-Chief Tim Suokko explained his proposal to the Board. Prior to road work, there would be conversations with contractors about safe travel and if a detail was required. Regular contractors will be notified that there is a new ordinance. Carole asked if the State had a requirement for flaggers on State roads. A question was raised about violations; the penalty, which is a fine, was reviewed. Chris thinks that the rate for the detail rate is not high enough, he cited wear and tear, workmen's compensation and other expenses. Carole raised concerns around infrastructure building in Town and how high rates make it more difficult for contractors, she referenced the Broadband project. The Chief discussed the detail rate; it would be raised \$10 to be more in line with what other towns charge. Carole made a motion to adopt this ordinance, subject to attorney review, Chris seconded. Roll call vote; Carole, yes; Chris, yes, Susan yes. Carole suggested that Tim write an article about the speed limits in Dublin as she has observed many people speeding. Carole suggested another article about the Town leash law; people are walking dogs off lead; these will go into the May Advocate.

7. **Summer Playground Update**-Kate updated the Board on the plans which are still uncertain pending a venue.
8. **Lake parking**-Lake parking was discussed and the Town traffic ordinance will be revised to try and alleviate the parking concern by only allowing parking on one side of the road (across from the shoreline.) Conversation ensued about possible property that could become a parking lot as a way of helping with overcrowded parking.
